Blockchain Considerations

What's the problem?

- Determine the business problem you are trying to solve?

- Is blockchain the solution?

- Ensure readiness for new tech

- Determine risks (Security, Complexity, etc)

Where do I start?

- Is it an existing process you want to improve

- Is it a whole new business process

- Market research

- Survey your industry (Government, Private)

Validation

- Low hanging fruit

- Proof of Concept

- Stakeholder feedback

- Document Efforts (lessons learned)
